SECTION I. INVITATION

Since June 1, 2017, a Surf School Program has been administered through the Santa Cruz County Parks Department. Santa Cruz County Code Section 10.80.010 requires a permit to use County property for commercial purposes. All provisions of the Department's Park and Building Facility Rules and Regulations and Unified Fee Schedule have applied to the annual pilot surf school permit program at County Parks beaches and coastal access points along East Cliff Drive Parkway. Additionally, Surf School Permit Terms and Conditions of Use provide for safety in the water while minimizing impact upon neighborhoods adjacent to beaches and coastal access points.

The County seeks to continue the long-term surf school concessionaire program to perform these services. The Department may issue up to a total of three (3) commercial concessionaire permits to allow surf schools to provide surf instruction at the designated beaches and coastal access points between Pleasure Point Park and The Hook Park at 41st Avenue, including access points at Pleasure Point, 36th Avenue, 38th Avenue, and The Hook. At this time, there are no facilities available for staging or storage located on the sites.

The purpose of the program is to regulate commercial use, reduce conflicts among users, and promote public safety, health, welfare, and recreation opportunities in the Pleasure Point beaches and coastal access points and adjacent neighborhoods. Proposals are being solicited for surf school concession services that preserve public safety, maximize recreational use by all beach visitors, and maintain quality surfing instruction opportunities for the public.

In a strategic effort to engage with the entire county of Santa Cruz and ensure our coastal access points are truly open to all a Municipal Access Partnership Permit (MAPP) was implemented in 2024. Alongside the current standing commercial Surf School Concessionaire Program this new MAPP was introduced and awarded in a separate application system to additional non-profit groups for similar services. The Department will award up to three (3) non-profit agencies a MAPP. All granted agencies must coordinate/schedule with the Parks department so daily use does not exceed 8 students in total.

Creating a MAPP grew out of the yearning to support all members of our community regardless of resource level, ethnicity, gender or socioeconomic status. Our current Surf School Concessionaire Program does not have an option for an additional non-profit group to participate and is needed to assure that we are affording permits to all individuals and provide public access and lower-cost recreation opportunities for everyone and all types of surf schools, clubs or groups. Historically marginalized communities have not been afforded the same level of contact, safety, and access to recreational opportunities as wealthier communities. Our guiding principle is not should we undertake this work but how will change be implemented, while ensuring safety, equity, and coastal access that best serves the Santa Cruz County Community.

Overview of new MAPP and how it works with the Commercial Surf Schools

- Every 5 years, the current Commercial Permit Process will take place.
 - Commercial permit will be awarded to 3 schools, up to 8 students (24 total in water for lessons at any time)
 - Awards are granted for one year and can be renewed up to 4 (four) times
- The MAPP Permit will be awarded annually.
 - MAPP will be awarded to up to 3 non-profit agencies annually, allowing up to 8 students daily in water between all granted permits; efforts must be coordinated between MAPP awarded groups and the Parks department for daily use not to exceed 8 students.

All Applicants, Commercial or MAPP will be held to the same following policies and procedures:

- Formal proposal or application process-indicating request for Commercial Permit or Municipal (MAPP) Access Partner Permit
- Award guidelines
- Safety/insurance requirements, terms and conditions of use
- Percentage of fees due to Parks Department

INSURANCE REQUIREMENTS & CERTIFICATES

Indemnification for Damages, Taxes and Contributions

In conjunction with work performed at and/or for County, to the fullest extent permitted by applicable law, Organization shall exonerate, indemnify, defend, and hold harmless County (which for the purpose of paragraphs 5 and 6 shall include, without limitation, its officers, agents, employees and volunteers) from and against:

- i. Any and all claims, demands, losses, damages, defense costs, or liability of any kind or nature which COUNTY may sustain or incur or which may be imposed upon it as a result of, arising out of, or in any manner connected with the ORGANIZATION'S performance under the terms of this Permit, excepting any liability arising out of the sole negligence of the COUNTY. Such indemnification includes any damage to the person(s), or property(ies) of ORGANIZATION and third persons.
- ii. Any and all Federal, State, and Local taxes, charges, fees, or contributions required to be paid with respect to ORGANIZATION and ORGANIZATION'S officers, employees and agents engaged in the performance of this Permit (including, without limitation, unemployment insurance, social security and payroll tax withholding).

Insurance

ORGANIZATION, at its sole cost and expense, for the full term of this Permit (and any extensions thereof), shall obtain and maintain, at minimum, compliance with all of the following insurance coverage(s) and requirements. Such insurance coverage shall be primary coverage as respects COUNTY and any insurance or self-insurance maintained by COUNTY shall be considered in excess of ORGANIZATION'S insurance coverage and shall not contribute to it. If ORGANIZATION normally carries insurance in an amount greater than the minimum amount required by the COUNTY for this Permit, that greater amount shall become the minimum required amount of insurance for purposes of this Permit. Therefore, ORGANIZATION hereby acknowledges and agrees that any and all insurances carried by it shall be deemed liability coverage for any and all actions it performs in connection with this Permit. Insurance is to be obtained from insurers reasonably acceptable to the COUNTY.

If ORGANIZATION utilizes one or more subcontractors in the performance of this Permit, ORGANIZATION shall obtain and maintain ORGANIZATION's Protective Liability insurance as to each subcontractor or otherwise provide evidence of insurance coverage from each subcontractor equivalent to that required of ORGANIZATION in this Permit, unless ORGANIZATION and COUNTY unless modified or waived by COUNTY.

1. Types of Insurance and Minimum Limits

- a. Worker's Compensation in the minimum statutorily required coverage amounts. This insurance coverage shall be required unless the Organization has no employees and certifies to that fact.
- b. Automobile Liability Insurance for each of Organization's vehicles used in the performance of Permit, including owned, non-owned (e.g. owned by Organization's employees), leased or hired vehicles, in the minimum amount of \$500,000 combined single limit per occurrence for bodily injury and property damage. This insurance coverage is required unless the Organization does not drive a vehicle in conjunction with any part of the performance of Permit and Organization and County both certify to that fact.
- c. Comprehensive or Commercial General Liability Insurance coverage at least as broad as the most recent ISO Form CG 00 01 with a minimum limit of \$1,000,000 per occurrence, and \$1,000,000 in the aggregate, including coverage for: (a) products and completed operations, (b) bodily and personal injury, (c) broad form property damage, (d) contractual liability, and (e) cross-liability.
- d. Professional Liability Insurance in the minimum amount, to be determined by Organization and County as applicable, combined single limit.

2. Other Insurance Provisions

- a. As to all insurance coverage required herein any deductible or self-insured retention exceeding \$5,000 shall be disclosed to and be subject to written approval by County.
- b. If any insurance coverage required in Permit is provided on a "Claims Made" rather than "Occurrence" form, Organization agrees that the retroactive date thereof shall be no later than the date first written above (in the first paragraph on page 1), and that it shall maintain the required coverage for a period of three (3) years after the expiration of Permit (hereinafter "post Permit coverage") and any extensions thereof. Organization may maintain the required post Permit coverage by renewal or purchase of prior acts or tail coverage. This provision is contingent upon post Permit coverage being both available and reasonably affordable in relation to the coverage provided during the term of Permit. For purposes of interpreting this requirement, a cost not exceeding 100% of the last annual policy premium during the term of Permit in order to purchase prior acts or tail coverage for post Permit coverage shall be deemed to be reasonable.
- c. All policies of Comprehensive or Commercial General Liability Insurance shall be endorsed to cover the County of Santa Cruz, its officials, employees, agents and volunteers as additional insureds with respect to liability arising out of the work or operations and activities performed by or on behalf of Organization, including materials, parts or equipment furnished in connection with such work or operations. Endorsements shall be at least as broad as ISO Form CG 20 10 11 85, or both CG 20 10 10 01 and CG 20 37 10 01, covering both ongoing operations and products and completed operations.
- d. All required policies shall be endorsed to contain the following clause:
This insurance shall not be canceled until after thirty (30) days' prior written notice (10 days for nonpayment of premium) has been given to the permitting department.
Should Organization fail to obtain such an endorsement to any policy required hereunder, Organization shall be responsible to provide at least thirty (30) days' notice (10 days for nonpayment of premium) of cancellation of such policy to the County as a material term of Permit
- e. Organization agrees to provide its insurance broker(s) with a full copy of these insurance provisions and provide County on or before the effective date of Permit with Certificates of Insurance and endorsements for all required coverages. However, failure to obtain the required documents prior to the work beginning shall not waive the Organization's obligation to provide them. All Certificates of Insurance and endorsements shall be delivered or sent to the permitting department.
- f. Organization hereby grants to County a waiver of any right of subrogation which any insurer of said Organization may acquire against the County by virtue of the payment of any loss under such insurance. Organization agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the County has received a waiver of subrogation endorsement from the insurer.
